## CIRCULAR LETTER Nr. 19 - 1

**Datum** 05.05.2019

Dear members of the "Freunde der Viermastbark PEKING e.V.",  
dear friends of the PEKING, dear ARETHUSA Old Boys, dear Jonathan Boulware (SSSM)

From now on you and your friends and acquaintances have various possibilities at your disposal to send online donations and money prizes to the association Freunde der Viermastbark PEKING e.V. - and thus directly to the four-mast barque PEKING. At this point I would like to briefly inform you about the different possibilities. Please share this information via your social media channels and of course with your friends and acquaintances from "real life". With the donations you enable the association to finance and realize projects that are not covered by the current renovation of PEKING.

### **We offer two basic possibilities:**

1. you support the association with a percentage of your purchase amount with your online purchase, at the online shop of your choice, "automatically" and without "own costs". The amount is financed by the respective platform in the context of a Charity-program (thus not by you!) and transferred automatically to our association.

You only have to start your order via the respective website at your online shop.

The platforms where we are registered as an authorized association are

[www.smile.amazon.de](http://www.smile.amazon.de) (for shopping at Amazon) or [www.gooding.de](http://www.gooding.de) (for over 1600 other online shops).

You will find the corresponding links below and also in the "News" column on the homepage of our association website [www.peking-freunde.de](http://www.peking-freunde.de)

2. you support the association directly with your donation:

Via facebook donations you can donate directly from our facebook page

<https://www.facebook.com/Viermastbark.Peking/> via the donation button in the top right corner under the cover picture. Within facebook - i.e. no external page - a subpage opens, from which you can directly transfer your donation to our association using various means of payment such as credit card or paypal via an online tool with usual banking security standards. This is especially attractive for "spontaneous enthusiasts" and PEKING fans living abroad. Please keep in mind that our facebook community already counts more than 3000 fans today, many of them are from abroad. A huge potential.

In addition, each of you can now set up your own donation campaigns in your facebook network by setting up your own donation page - e.g. on the occasion of a birthday or jubilee - and collecting money for our organization!

**Vereinsregister** Hamburg VR 21973

**Vorstand** Mathias Kahl (Vorsitzender), Andreas Bode  
Henning Schwarzkopf, Dr. Manuel Cadmus

Another possibility is [www.betterplace.org](http://www.betterplace.org) - Germany's largest donation platform. Here we can set up various aid projects or launch appeals for donations for a specific project, e.g. a lifeboat or similar. So if you have concrete ideas and an idea about the financing needs, you are invited to initiate it.

The first two projects are a bow or stern anchor for the PEKING.

For interested parties:

You can find detailed information on the individual programmes from the providers here:

**smile.amazon:**

And here finally the links, where you can start right away:

**smile.amazon:** <https://smile.amazon.de/ch/17-442-18795>

<https://www.gooding.de/freunde-der-viermastbark-pekings-e-v-81217/start>

**facebook donations:** <https://www.facebook.com/Viermastbark.Peking/>

**betterplace:** [www.betterplace.org/p70015](http://www.betterplace.org/p70015)

betterplace.org's partner platform is also gut-fuer-hamburg.de: <https://www.gut-fuer-hamburg.de/projects/70015>

Please make active use of these opportunities to support our association and thus PEKING. Please also inform your work colleagues, friends, relatives, children and other people about this simple way to support PEKING! Please share this information via e-mail, your social media channels and networks! Use the multiplier effect of sharing in your networks or your circle of acquaintances in "real life" and repeat the reference at regular intervals. Especially for your international contacts with interest in PEKING (keyword New York and Arethusa) this is a simple and uncomplicated possibility to help PEKING and to share the information in their environment.

Very important: not everyone has to do everything! Choose what suits you best and support us on this way.

Try it out, and get in touch with our marketing chairman, Axel Quilliam, if you don't get any further!
